JAMES S. CLARK
SPEAKER

August 2, 1990

The Honorable William K. Reilly
Administrator
Environmental Protection Agency
401 M Street SW
Washington DC 20460

6

Dear Mr. Reilly:

Like most of the country, environmental issues have moved to the forefront in Alabama. Accordingly, we are becoming more aware of the need to enhance our air quality by reducing air pollutants.

It is my understanding the Ethyl Corporation, which is based in Richmond, Virginia, has developed a gasoline additive, which, if properly applied, could foster substantial reductions in automobile exhaust emissions.

Ethyl has asked the Environmental Protection Agency for a waiver for their HITEC 3000 Performance Additive. I shall appreciate your timely consideration of this new product.

Sincerely,

James S. Clark
